

Developmental Milestones

Sometimes, the littlest things can offer clues to your child's development. These are some milestones to look for while watching your child grow.

If you notice any delays in development, ask your child's pediatrician for a referral to Heartspring, or call Outpatient Services at 316-634-8701 to discuss scheduling options.

Heartspring Outpatient Services offers a variety of therapies including audiology, applied behavior analysis, behavioral health, occupational, physical, and speech-language.

Don't wait. Early detection and intervention are key to your child's success.
